

Help Bring Awareness to Domestic Violence

October is National Domestic Violence Awareness Month and we want to use the opportunity to send a strong message of awareness to the Caribbean community about this taboo disease under the theme "From Crisis to Confidence". This special publication of Caribbean American Weekly would provide information, tools and resources to make the transition from victim to survivor, feature articles that would bring greater public awareness and education of the impact of domestic violence on our families and communities and legislature. There will also be a special message from Kings County District Attorney, Hon. Charles J. Hynes.

As a strong advocate against domestic violence, we are kindly requesting that you support this initiative.
